Bigelow Carpet Company

141 TO 147 FIFTH AVENUE, NEW YORK

For the convenience of customers and to assist them in making selections of our various kinds of Rugs and Carpets, as well as to afford them detailed information regarding them, we offer this

Illustrated Catalogue For 1909

showing faithful reproductions of designs and coloring of a large number of patterns in

Bagdad Wilton Rugs
 Daghestan Wilton Rugs
 Kymric Wilton Rugs
Bagdad Brussels Rugs
 Middlesex Brussels Rugs
 Cambridge Brussels Rugs
Arlington Imperial Rugs
 Utopia Axminster Rugs
 Electra Axminster Rugs
Lowell Axminster Carpets
 Middlesex Brussels Carpets
 Lowell Extra Super Ingrain Carpets

This comprises, we believe, the most comprehensive illustrated catalogue that has ever been issued. The plates are prepared by the most modern process and customers may feel certain that goods ordered from these plates will be entirely satisfactory.

Our rugs are made up with great care and stretched by our patented process, which makes the rugs lay flat on the floor in service. The carpet sized rugs are all packed only one in a bale, so that they open up without creases or folds.

Preparations have been perfected by which special sizes of many of these patterns, as indicated on the plates, can be made in the future, and orders are invited, which shall receive our best attention, and on which we shall expect to be able to make prompt deliveries.

These rugs are on exhibition at the salerooms of the company in New York, Boston, Chicago and San Francisco, or may be obtained of their traveling salesmen, or through jobbers in the principal cities.

Bigelow Carpet Company

Patterns shown in this catalogue are planned to run until November, 1909, and it is our purpose to carry a reasonable stock of them during that time, at least, so as to insure reasonably prompt deliveries. Adequate arrangements have been made at our mills which warrant us in expecting deliveries of goods the coming year to be made with satisfactory promptness.

So many instances of attempts to substitute other makes of goods for *Bigelow goods* have come to our notice, that for the protection of our customers as well as ourselves, hereafter *Bagdad Wilton* and *Bagdad Brussels Rugs* will be branded with the word "*Bagdad*" woven in the back of the right-hand border breadth of each rug.

Ardebil Wilton Rugs will be marked "*Bigelow Lowell*;" Arlington Imperial Rugs will be marked "*Bigelow Imperial*;" Lowell Axminster Carpets will be marked "*Lowell*;" Middlesex Brussels Carpets will be marked "*Middlesex*;" Lowell Ingrains are rolled on a hollow stick which constitutes a trade mark.

Announcement

In offering this Catalogue we wish to call attention to several items of interest to the trade.

Bagdad Wilton and Brussels Rugs hold their usual leading place in the trade. We have added quite a number of new patterns and offer a new size, 22½ inches by 36 inches, in a number of patterns in our Daghestan line, which have been much sought.

Arlington Rugs are increasing in popularity and in sale, and at present attractive prices with a varied range of new patterns and the following sizes, 3 x 9, 3 x 12, 3 x 15, 6 x 9, 10-6 x 12 and 11-3 x 15, added this season, we believe will commend themselves to a wider field of buyers and command a leading place in the stocks of the best dealers all over the country.

Middlesex Brussels Rugs. This increasingly popular line has been supplemented with a number of new patterns in small effect as well as in medallion patterns, and we expect them to surpass even their previous records of sales.

Cambridge Brussels Rugs. These rugs are made to sell at a popular price and are very successful in the hands of jobbing houses. This line has been considerably added to.

Electra Rugs. In keeping up the unprecedented popularity of this line we have introduced several new patterns, continuing the most popular ones of the last season's line and have added a new size, 10-6 x 13-6. We look for even greater success the coming year than ever before on this line.

Lowell Axminsters. Our offering of this popular grade will include a large line of high-class, well colored designs, covering the entire range of Oriental, floral and self colored effects, and we present them confident that for a moderate cost fabric they will give the greatest satisfaction to both dealer and consumer.

Extra Super Ingrains. Our line this season will be very largely new designs and colorings unusually attractive and varied in character. Prompt delivery of goods purchased has been arranged for.

Middlesex Brussels Carpets. Large additions to this justly popular line of goods will justify, we believe, the commanding position these goods hold. It is our purpose to carry in stock at all times a line of Brussels and Extra Super Carpets for immediate delivery against contracts for churches, lodge rooms, theatres, hotels and other large sales.

This image shows a close-up of a traditional Chinese silk embroidery. The central motif is a large, stylized 'wan' (infinity symbol), which is a common symbol in Chinese art representing the cosmos or the human body. The 'wan' is filled with intricate floral and cloud patterns. The embroidery is surrounded by a wide, decorative border featuring repeating geometric and floral motifs. The colors used are vibrant, including red, green, blue, yellow, and black, set against a dark background. The texture of the silk is visible, and the stitching is fine and detailed.

Code Word KUONISS

This image shows a close-up of a Persian rug's corner, highlighting the complex craftsmanship of its borders and field. The rug features several distinct border bands: an outermost band with a repeating floral motif, followed by a wide band with large, stylized medallions, and an inner band with a geometric pattern. The central field is filled with a dense arrangement of floral and foliate designs, including large, stylized flowers and scrolling vines, all rendered in a rich palette of green, red, and gold against a light cream background. The corner of the rug is particularly ornate, with the field pattern meeting the borders in a seamless, interlocking fashion.

Col Word KOP SEE

This image shows a close-up of a corner from a highly ornate Persian rug. The design is characterized by a complex interplay of geometric and floral motifs. A prominent feature is a large, stylized floral medallion in the center, surrounded by a dense field of smaller, repeating patterns. The color palette is rich, featuring deep reds, vibrant greens, and golden yellows, all set against a dark, possibly black or very dark brown, background. The rug's construction is evident in the tight weave and the way the colors blend and contrast. The corner of the rug is clearly defined by a series of concentric borders, each with its own unique pattern, leading into the main field of the rug. The overall impression is one of intricate craftsmanship and traditional artistry.
